

My family and I listen to Airl EVERYDAY & for more than 12 hours per day! We love the positive music; we don't have to listen to obnoxious commercials or radio talk. It is truly a family friendly station that serves many people in our community. We believe in the message of hope and love that Airl broadcasts. Its encouraging music has truly helped me get through many rough times in my life, including the recent tragic death of my sister. I know it has helped my children, and other families we know, feel that there are good things and good people in this world. With all the negative and scary things all around us, its good to have a safe and sane radio station to listen to. When Airl experiences an "off the air moment" due to technical difficulties, I'm lost without their positive music; most other stations play too much obscene or suggestive material! We do not want our radio station to be displaced by an LPFM broadcaster!!!! We love Airl's programming and believe that they provide a vital and powerful service of ministry, hope and love to everyone with a radio to hear!!!! In these troubling times, we need a beacon of hope, truth, joy, family values and positive messages for our human souls to enjoy!! Thank you for your prayerful consideration in this matter. God bless you!
